

Circular Letter 0027/2016

**To: The Managerial Authorities of Recognised Primary, Secondary, Community and Comprehensive Schools
and
The Chief Executives of Education and Training Boards**

**Post-1 January 2011 and Post-1 February 2012 New Entrants to Teaching –
Recognition of Previous Public Service in another EU Member State**

1. The Minister for Education and Skills wishes to inform management authorities and Teachers of revised arrangements for the recognition of previous service in an analogous teaching position in the public service of another EU Member State when determining whether an individual is a new appointee to teaching and the appropriate salary scale on which to place him/her. The revision arises from a recent decision of the EU Commission in this regard.

Current Position

2. The position heretofore (as set out in Circulars 40/2011 and 0008/2013) is that previous service in an Oireachtas-funded teaching position in Ireland is recognised when determining the date of entry to teaching and, accordingly, the salary scale (and allowances where applicable) payable to the teacher.

Revised Arrangements

3. Under the revised arrangements, previous teaching service in an analogous teaching position in the public service of another EU Member State will be recognised on the same basis as if such service was given in Ireland when determining the appropriate salary scale (and allowances where applicable) payable to the teacher.
4. Serving teachers who are classified as post-1 January 2011 entrants or post-1 February 2012 entrants to teaching and who have previous teaching service in an analogous teaching position in the public service of another EU Member State should now apply to have such previous periods of service assessed using the application process set out overleaf. Salary arrears, where applicable, will be paid in due course.
5. In respect of teachers recruited after the date of this Circular, previous teaching service in an analogous teaching position in the public service of another EU Member State will be assessed when determining the appropriate salary scale (and allowances where applicable) payable to the teacher.

Application Process

6. Serving teachers who are classified as post-1 January 2011 entrants or post-1 February 2012 entrants to teaching and who have previous teaching service in an analogous teaching position in the public service of another EU Member State should now apply to have such previous periods of service assessed to determine the appropriate salary scale (and allowances where applicable) payable as follows:
